SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Abstract: This package requests clearance to recruit and collect data from districts, schools, and teachers for a study of math professional development (PD). The study will provide important information about the implementation and impact of intensive, content-focused professional development on fourth grade teachers' content knowledge, classroom practice, and their students' achievement. The evaluation has an experimental design with teacher-level random assignment of a volunteer sample of approximately 200 fourth grade teachers in six districts to receive either the study's PD or the district's "business-as-usual" PD. Findings will be presented in a final report scheduled for release in February 2016.
